

SABINE®

Certificate of Compliance

EU Directives “RoHS” and “WEEE”

Sabine, Inc. confirms that none of the restricted or banned substances listed below are used in the manufacturing process of the products listed below. In addition, Sabine takes care to purchase materials that are also confirmed to contain none of these restricted or banned substances.

Cadmium (Cd)	Hexavalent Chromium (Cr+6)
Mercury (Hg)	Polybrominated Biphenyls (PBB)
Lead (Pd)	Polybrominated Diphenyl Ethers (PBDE)

Any of the above substances present would have to be described as an impurity and would only be present below the allowable concentration.

This declaration conforms to Directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003 on the restriction of the use of certain hazardous substances in electrical and electronic equipment as applicable to the following definitions.

- Homogeneous - Uniform in structure or composition throughout, as of a chemical mixture. A material that cannot be *mechanically separated* (i.e. metals, alloys, paper, plastic, ceramics, glass, etc.).
- Mechanically Separated – Where two or more materials can be separated through mechanical means (i.e. cutting, grinding, abrasive processes, crushing, tearing, disassembling, etc.).

Listed below are the products covered by this letter:

- FBX Feedback Exterminators® with SMARTFilters™ (FBX and SOLO)
- Graphi-Q2™ Multi-function Processors (GRQ)
- Navigator™ System Processors (NAV)
- 2.4 GHz Smart Spectrum™ Wireless Microphone Systems (SWM).
